Patricia Voyages

Patricia is the Trinity House flagship, which carries passengers as she completes her vital work. This hugely popular holiday experience means guests can view her normal duties, which involve the maintenance of navigational buoys, the attendance and refuelling of offshore lighthouses and dealing with emergencies, including the marking of wrecks.

With just six cabins, few guests are able to experience a voyage and this, coupled with the type of work the ship undertakes, makes a voyage aboard Patricia a truly unique experience.

Patricia has high quality accommodation for up to twelve people in six double-bedded cabins. Each is individually designed with en-suite bathrooms. The cabins also have tea/coffee making facilities, satellite television, computer/e-mail links and trouser presses.

There is ample room on board to relax and passengers have a dedicated lounge opening out to a viewing deck. The elegant dining room accommodates guests comfortably.
